Fees for Clinical and Forensic Services

My fees are consistent with governmental guidelines suggested by the Health Care Financing Administration (HCFA), reimbursement schedules of most insurance companies, and with those charged by other local psychologists. My contract with individual insurance companies may require me work within their fee structure. Charges may be adjusted to account for these differences.

Service	Description	Fee
• **Initial Diagnostic Interview** o CPT code 90801	Our initial 50-minute visit, including setting up an account, filling out insurance papers and treatment plans, and any initial diagnostic testing.	$190.00
• **Individual Psychotherapy** o CPT code 90806	45 minute individual counseling session.	$160.00
• **Conjoint Psychotherapy** o CPT codes 90846, 90847	45 minute couple or family counseling session.	$160.00
• **Psychological/Neuropsychological Testing** o CPT codes 96101, 96102, 96116, 96118, 96119	Administration, scoring, and interpreting psychological tests. Fees for report writing are typically bundled in this fee on the date the final report is prepared.	$160/hour
• **Forensic diagnostic interviewing, testing, records review, and scientific literature review research**. o CPT code 90899	Any service provided for legal purposes for use in a court setting.	$190/hour
• **Court testimony** o CPT code 90899	Expert testimony and/or deposition	$250/hour
